WICHITA MARKETS.

attle Dull and Unchanged-The Hog Market Better than at the Close Friday but not so Good as at the Opening Light Receipts of Hogs and Cattle

At the close yesterday bulk hogs sold at 8.40. The markets will remain about the same until after the holidays, but during the next week there will be larger receipts than at the close yesterday.

In cattle yesterday the trade was rather quiet. Twenty-six head were received from Mt. Hope and sold at quotation prices. There were but few shippers on the market and only choice cattle were in demand. First-class butchers cattle are selling well, but common grades of butchers stuff is barely steady.

THE GRAIN MARKET. Corn is 1 cent lower than yesterday's quotations, the price being paid now only li cents. Wheat is weaker and no demand for damaged grades. In the outside markets, particularly at Denver and the west, there is a scramble to get off the surplus of corn and this has caused the decline in the local market. Good white milling corn is still worth from 15 to 16 cents at

the water mills. The following were the receipts at the Wheat,...... 1,200 Rye,..... 600
